LIBRARY OF THE BOMBAY BRANCH OF THE ROYAL ASIATIC SOCIETY

No. P. 9/B of 1937.

OFFICE OF THE SURGEON-GENERAL
WITH THE GOVERNMENT OF BOMBAY :

Bombay, 20th July 1937.

From

Major-General H. C. BUCKLEY, M.D., F.R.C.S.E.,
K.H.P., I.M.S.,
Surgeon-General with the Government of Bombay,
Bombay No. 1 ;

To

THE SECRETARY TO GOVERNMENT,
General Department,
Bombay.

Subject.—Annual Report on Civil Hospitals and Dispensaries for the year 1936.

Sir,

I have the honour to submit for the information of Government the annual report on Civil Hospitals and Dispensaries for the year 1936.

2. On account of the separation of Sind from the Bombay Presidency during the year under report, the statistics of the hospitals and dispensaries in Sind have not been included in this report. No comparison between the provincial totals for 1936 and 1935 of the various statements appended to this report could be made in the several paragraphs of the text of the report as the provincial totals for 1935 are inclusive of the statistical figures of the medical institutions in Sind while those for 1936 are exclusive of those figures and such comparison, if made, would be misleading.

BUILDINGS.

3. During the year under report no major work pertaining to Government hospitals or dispensaries was undertaken. The buildings of the various Government hospitals and dispensaries have been kept in good condition the requisite repairs having been carried out by the Public Works Department. Minor works representing additions and alterations to hospital buildings costing about Rs. 53,000 were carried out at the several hospitals.

Bombay Hospitals.

4. The communal riots which commenced by the middle of October made very great demands on the hospital accommodation. At the J. J. Hospital extra arrangements for beds were kept ready to meet any emergency by transferring one medical ward to the Ophthalmic Hospital with the co-operation of the Superintendent of that Hospital. At the G. T. Hospital, even the verandahs had to be utilised and were overcrowded with riot cases.

5. The year 1936 must be regarded as an important year in the annals of the Cama and Albless Hospitals inasmuch as the institution completed 50 years of its useful existence and celebrated its Golden Jubilee. His Excellency Lord Brabourne was pleased to preside on the occasion of the public meeting and Lady Beaumont, Major-General Bradfield, I.M.S., Surgeon-General with the Government of Bombay (now Director-General, Indian Medical Service) and Dr. Mrs. Dadabhoy were the principal speakers. Their Excellencies Lord and Lady Brabourne sent a sum of Rs. 250 as a practical proof of their sympathy in the cause of this hospital, so also the Committee of the Bombay Branch of the Countess of Dufferin Fund has sent a cheque of Rs. 2,500 to mark the celebration of this great event in some special manner. A special contribution of Rs. 16,781 out of their Majesties' Silver Jubilee Fund was received from the same source which has been added to the Cama Hospital Jubilee Fund. The total collections of the Jubilee Fund roughly amount to Rs. 90,000. The public has responded to the appeal for funds so generously that it will act as a great stimulus to redouble the efforts in order to provide greater facilities for medical aid to women.

Mofussil Hospitals.

6. The building of the new Hospital at Thana constructed at a cost of about Rs. 2 lacs by the generosity of Diwan Bahadur Narayan Vithal Sayana was completed and the hospital was formally opened in May 1936 and patients were accommodated in it by the end of the same month. The Hospital is named as the " Vithal Sayana Hospital " in memory of the late father of the donor.

7. At the Civil Hospital, Dhulia, a leprosy clinic (out-door) has been started for the treatment of lepers.

8. An X-ray plant and apparatus for the Ultra-Violet Rays and Electro-Therapy were installed at the Civil Hospital, Belgaum, from the funds provided by contributions from Local Bodies, private institutions and persons. This has removed a long felt want of the hospital.

9. With a view to provide more facilities to patients undergoing antirabic treatment, it was recommended by the Surgeon-General that

antirabic treatment should be decentralised by opening Centres at the Civil Hospitals where there are no treatment centres. Government have, therefore, sanctioned the opening of treatment centres at the following Civil Hospitals :—

Civil Hospital, Satara.	Civil Hospital, Broach.
Civil Hospital, Bijapur.	Civil Hospital, Dharwar.
Civil Hospital, Dhulia.	Civil Hospital, Godhra.
Civil Hospital, Alibag.	Civil Hospital, Thana.
Civil Hospital, Kaira.	

Rural Medical Relief.

10. The question of extending medical relief to rural areas was under the consideration of Government for some time past and after examining several alternative schemes they have decided to try the following experiment :—

(*i*) Subsidising private medical practitioners in certain selected districts on condition that they practise in rural areas in those districts.

(*ii*) Increasing the number of qualified nurses and midwives attached to Local Board Dispensaries.

(*iii*) Opening of Tuberculosis Clinics in important towns.

11. As regards the scheme of subsidising medical practitioners, the following districts have been selected to try it in the beginning and if it is found that the scheme has become popular and useful, then it will be extended to some other districts :—

(1) Ahmednagar.	(3) Nasik.	(5) Belgaum.
(2) West Khandesh.	(4) Ratnagiri.	(6) Karwar.

In each of the above districts, a private practitioner will be appointed on Rs. 50 per mensem as subsidy and Rs. 25 per mensem, fixed travelling allowance. Medicines and instruments up to Rs. 400 will be supplied to him annually. He will be in charge of three or four villages which are easily accessible by road or rail and he will be expected to visit them on definite days of the week. It is expected that the scheme will come into operation soon and its progress will be watched with interest. Half the cost of the scheme will be borne by the District Local Boards concerned and the remaining by Government.

12. Under the scheme of increasing qualified nurse-midwives attached to District Local Board dispensaries, Government will pay each District Local Board in the Presidency excepting the Bombay Suburban District Local Board, a subsidy equivalent to 33⅓ per cent. of the cost of nurse midwives actually maintained, subject to a maximum of three nurse midwives, in addition to any kept at present at its

dispensaries. In special cases, where properly qualified nurses who are also trained midwives are not available, the District Local Board concerned will be allowed, at the discretion of the Surgeon-General, to engage properly qualified midwives as a temporary measure. Several District Local Boards have expressed their willingness to participate in the scheme and they have been asked to appoint the nurse-midwives at their dispensaries as soon as possible.

13. Under the scheme of Tuberculosis Clinics, Government have, as an experimental measure, sanctioned the establishment of tuberculosis clinics at the following six Civil Hospitals :—

(1)	Civil Hospital,	Ahmedabad.	(4)	Civil Hospital,	Sholapur.
(2)	Do.	Surat.	(5)	Do.	Nasik.
(3)	Do.	Poona.	(6)	Do.	Belgaum.

These clinics will be in charge of Honorary Medical Officers who will be paid Rs. 50 per mensem each as honorarium. A qualified nurse on Rs. 100 per mensem *plus* Rs. 15 per mensem as house rent will also be attached to each clinic. The Bombay Provincial Branch of the Indian Red Cross Society has agreed to bear half the cost on account of pay and allowance of the nurses. The whole of the remaining expenditure is to be borne by Government.

Anti-Tuberculosis Sub-Committee.

14. The Anti-Tuberculosis activities of the Indian Red Cross Society (Bombay Branch) were reorganised during the year 1936 and they are now conducted by the Anti-Tuberculosis Sub-Committee, which is constituted as an independant branch of the Society with the Surgeon-General as Chairman and Major A. N. Chopra, I.M.S., as Honorary Secretary. Consistant with its policy to encourage and support the opening of Anti-Tuberculosis Clinics in large towns in this Presidency, the Committee has helped Government in the opening of the six clinics mentioned in the preceding paragraph.

Government have accepted the latter portion of the recommendation and have ordered that students who fail to pass the first L.C.P.S. examination in two attempts, the second in three attempts and the final in five attempts should not be permitted to continue their studies at the Medical Schools. This has come into effect from June 1937. The recommendation of the Committee regarding improvements to School buildings and apparatus is receiving attention.

The standard of the preliminary educational qualification for admission to the Medical Schools has been raised from the Matriculation (now School leaving) Examination to that of the Inter Science Examination (B Group). The higher qualification has come into force from June 1937.

Arrangements were also made to obtain therapeutic sera in bulk, bottle them at the Institute and supply them to Government Hospitals, thus enabling the hospitals to get reliable sera at moderate prices.

3. *Anti-rabic Section.*—The work and popularity of this section has enormously increased. In 1922, when this section was opened, 243 treatments were issued to the out-centres and 429 persons were fully treated at the Institute, while in 1936, 5,259 treatments were issued to out-centres and 2,331 persons were fully treated. (*d*) Telegraph Dispensaries at (1) Jambughoda, (2) Bushire, (3) Jask and (4) Fas and (5) the I. G. T. S. Patric Stewart dispensary at Karachi omitted as their returns are not received in this office. (6) Maurypur Salt Work Dispensary omitted owing to the separation of Sind.

(*e*) Institutions in Sind omitted on account of its separation from this Presidency.

CLASSES I AND II.—These include all institutions maintained by provincial funds and under Government management. The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions has not been regarded as a reason for not classing it as "State" when provincial and imperial funds are practically responsible for all the charges connected with it. Class I—"Public" are State Dispensaries which are open to the poorer classes of the public. Class II are State Dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

CLASS III.—Local fund dispensaries include all institutions which are vested in local boards or municipalities or guaranteed or maintained by local or municipal funds. The fact that such an institution, is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, has not been regarded as a reason for not classing it as a local fund dispensary, when its existence is practically dependent upon local funds.

CLASS IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers has not been regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI.—Comprises all railway dispensaries whether maintained by State railways or others.
